FOX MARIN

A distinguished downtown residence that  
unfolds with perfection, passion and poise.

Arguably the best value on the market today /PSF.

Where else can you find nearly 1,600 SF in the beating heart of the City, meticulously renovated with enviable proportions & scale that rivals that of a full-sized home?

Entertainers swoon over the well-articulated gourmet kitchen abundant with custom cabinetry and the oversized 9 foot island acting as the centrepiece to the sprawling open-concept living & dining areas.

Hardwood floors throughout create a warm path toward two sizable bedrooms, including a primary suite featuring a 4-piece ensuite, walk-in closet, office or vanity nook, and floor-to-ceiling windows framing the Financial District's most iconic architecture.

Celebrate the outdoors in the newly renovated rooftop terrace amenity offering captivating views of the CN tower & beyond.

**An incomparable condo experience creating a connection between form, function, and ultra accessibility.**

## Five Things the Sellers Have Loved About Their Home:

Great location - no need for a car. TTC is a two minute walk away. Plus, you're right in the heart of the financial district, walking distance to St Lawrence Market, the Entertainment District, Rogers Centre, Scotiabank Plaza, Union, and Up Express to name a few.

We love our kitchen, the heart of our home - tonnes of space to cook & entertain friends and family.

Incredible security - most of our friends & family call the building Alcatraz because of the tight controls in terms of who enters the building.

The Suite itself is very spacious and full of natural light.

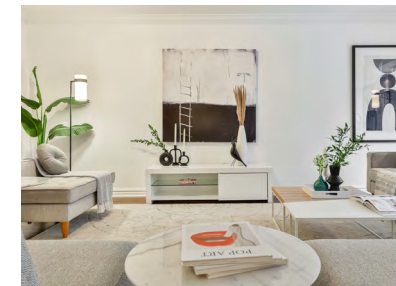

The building is very family oriented and full of professional, mature residents. Not a partying building by any means.

Bonus: The building is also connected to the Path for easy access to get around anywhere in the city (especially helpful in the winter!)
